[1] Average daily attendance as a percentage of FTE net enrolment. Since 1968/69, percentage of attendance is total actual attendance as a percentage of total possible attendance.

[2] The total expenditure for public schools was borne by the Government.

[3] Excluding unknown expenditure made for incidental expenses in city school districts.

[4] Since 1922/23 this amount includes the annual grant from the Government to the provincial universities and since 1963/64 to school district and regional colleges.

[5] Since 1955/56 this amount is exclusive of capital expenditures from by-law funds.

[6] The numbers of teachers reported from 1966/67 on include district-wide teachers with supervisory and administrative duties. These district-wide teachers were excluded from this table prior to 1966/67.

[7] Since 1973/74 the number of teachers is reported as of September 30 rather than June 30.
